Some Experience: jQuery, SQL, Heroku, OAuth2, Python, Sketch

PROJECTS

Sole Developer, Filmstack   Feb 2016 - present
Github, Deployed
Allows anyone to discover movies by decade, genre, and/or runtime. It presents three carefully designed selectors that provide an effortless, yet powerful, search experience.
- Developed with Material Angular and the MEAN stack.
- Designed and implemented a client UI with custom widgets and a backend API to handle queries.
- Wrote a Node script to translate the raw data sourced from the OMDb API into a 700mb database.

Developer, The Path   Mar 2016 - Apr 2016
Github, Deployed
A digital implementation of the game Code Master, in which players help an intrepid adventurer collect gems and reach an escape portal using programming concepts like conditionals, loops and step execution.
- Developed with the MEAN stack, Twitter Bootstrap, Material Angular, Karma, Mocha, and Chai.
- Designed and implemented a player profile page allowing users to see their progress and choose the next game level.
- Setup authentication via local email and password, Facebook Oauth, and Google OAuth using Passport.js.

Developer, Pet-E-Coat   Feb 2016 - Mar 2016
Github, Deployed
An e-commerce application that specialized in matching outfits for owners and their pets.
- Developed with the MEAN stack, Twitter Bootstrap, Material Angular, Karma, Mocha, and Chai.
- Designed and implemented an admin product page that is able to edit product information for the site.

EXPERIENCE

VOD Senior Coordinator, iNDEMAND, New York, NY   Sep 2013 - Aug 2015
- Edited trailers, feature films, and extras that needed revision before airing.
- Managed 7 content schedules for Video On Demand (VOD) including UFC and Disney.
- Coordinated the delivery of over 200 assets a month by liaising with studio contacts and in-house creative team.
- Prepared assets for release by transcoding and testing file types.

VOD Quality Control Associate, iNDEMAND, New York, NY   Sep 2012 - Sep 2013
- Screened stunts, barkers, and high priority content for quality and metadata errors.
- Corresponded with VOD corrections and QC tech team to correct asset issues.
- Oversaw and delegated tasks to 4 temp workers.
- Trained incoming temps on QC procedures.

Assistant Buyer, Claire's Accessories, Hoffman Estates, IL   Jul 2011 - Jan 2012
- Executed market-leading product assortments using consumer and competitive intelligence.
- Reviewed weekly sales forecasts and analyzed historical sales data to determine purchase plans.
